About Ruiz-Healy Art

Founded in San Antonio, TX in 2006 Ruiz-Healy Art represents an international roster of artists and places emphasis on Latinx and Latin American artists, as well as working with prominent Texas-based artists. Biculturalism and identity discourse plays an important role in several of the artists that we collaborate with. In the spring of 2019, Ruiz-Healy Art opened a gallery space in the Upper East Side of New York City that works in tandem with the San Antonio gallery as a platform to disseminate the artist's work. The continuous investments in these underrepresented areas have remained a longstanding signature of the gallery program.
